**Restriction to one of the following inventions is required under 35 U.S.C.**

**121:**

- I. Claims 1-23 and 34-40, drawn to an x-ray localizer, classified in class 378, subclass 206.**
- II. Claims 24-33, drawn to a light system, classified in class 362.**

**The inventions are distinct, each from the other because:**

**Inventions I and II are related as combination and subcombination. Inventions in this relationship are distinct if it can be shown that (1) the combination as claimed does not require the particulars of the subcombination as claimed for patentability, and (2) that the subcombination has utility by itself or in other combinations (MPEP § 806.05(c)). In the instant case, the combination as claimed does not require the ellipsoidal mirror of the subcombination. The subcombination has separate utility such as theatrical illumination.**

**Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, restriction for examination purposes as indicated is proper.**

**During a telephone conversation with Ms. Agosti on November 4, 2003 a provisional election was made without traverse to prosecute the invention of Group I, claims 1-23 and 34-40. Claims 24-33 are withdrawn from further**

**consideration by the examiner, 37 CFR 1.142(b), as being drawn to a non-elected invention.**

**This application is in condition for allowance except for the presence of claims 24-33, non-elected without traverse. Accordingly, these claims been canceled.**

**The following is an examiner's statement of reasons for allowance: Suckewer et al teach an x-ray localizer comprising a halogen light source and a concave mirror but fail to disclose that the mirror has two focii with the light source at one focus and an apertured plate at the second focus as claimed.**

**Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."**

**Any inquiry concerning this communication should be directed to Craig E. Church at telephone number 703-308-4861.**
